

Parliamentary committee on agriculture, land and environment visited the Harambee BOMOSA site in Lake Victoria basin in August 2008 to evaluate the possible inclusion of the fish farming system in the constituency development fund (CDF).

Six members of parliament attended the function at Harambee BOMOSA site in Lake Victoria basin. Also present was plot scientist Dr Jonathan Munguti, Program Coordinator Dr Harrison Charo, Assistant Director Dr Richard Abila and Harambee community members. Constituency development fund is money allocated to constituencies for rural development.
